

## WIMD indicator analysis data - list of aggregations published in the indicator data

Indicators labelled 'WIMD 2008' were published in 2008, and were the indicators used to construct the index in that year. Note that the actual year of data collection for each indicator varies, and is not necessarily 2008.

Indicators labelled 'WIMD 2011' were published in 2011, and were the indicators used to construct the index in that year. Note that the actual year of data collection for each indicator varies, and is not necessarily 2011.

Indicators labelled 'Indicator Data 2012' were published on the 31st January 2013 using the WIMD 2011 methodology.

(a) indicator not updated in WIMD 2011 indicator analysis

(b) indicator to be updated as soon as possible

**For further on the Welsh Index of Multiple Deprivation and the geographic areas included in this release please see:**

[Welsh Index of Multiple Deprivation](#)

This is the main website page for the WIMD. It contains information on WIMD 2000 - WIMD

[Welsh Index of Multiple Deprivation 2011: Summary report](#)

The summary report contains the main analysis of WIMD 2011. It also contains some analysis of Local Authorities.

[Welsh Index of Multiple Deprivation 2011: Technical report](#)

The Technical Report sets out detailed information on each indicator and methodology information. There is also a download of the 'scores' which were used in the construction of the overall index. The scores are a transformation of the rank - so it is still a relative measure not an absolute score. The scores are not comparable with other countries IMDs.

[Welsh Index of Multiple Deprivation 2011: Methodology changes](#)

This document compares the methodology of WIMD 2008 and WIMD 2011.

[Welsh Index of Multiple Deprivation 2011: Maps](#)

These maps show the concentrations of deprivation as identified in the Welsh Index of Multiple I

[Communities First page](#)

Communities First is a Community Focussed Programme that supports the Welsh Government's Tackling Poverty agenda. Communities First uses the WIMD to target areas of

[Communities First Maps](#)

Following realignment in April 2012, new Communities First clusters were created. Maps of the new areas can be found on StatsWales by following the link.

[Social Regeneration Areas](#)

The Welsh Government is committed to investing in areas of Wales to help their economy thrive and regenerate communities, particularly in areas where there is high deprivation.

[LSOA maps \(2001 census\)](#)

Maps of Lower Layer Super Output Areas - as defined by the 2001 Census. These areas were used in WIMD 2005, 2008 & 2011.

[Office of National Statistics - Beginners guide to statistical geographies](#)

This page can offer assistance in understanding Statistical Geographies
